

# CAMPERS ON RUSSIAN RIVER FIGHT BIG FIRE

## Guerneville and Riondo in Path of Flames and Volunteers in Vain Try to Check Spread

## SPECIAL TRAIN BRINGS ASSISTANCE

## Conflagration Starts in Forest and Wind Is

RIONIDO, Cal., July 13.—Two hundred men and boys recruited from Guerneville and other points near here are fighting a losing battle today against a forest fire which has

"Unless we get help by noon," Postmaster J. E. Johnson of Riondo telephoned San Francisco today. "We can

Fifty more men were rushed to Rio Nido from Petaluma on a special train by the Northwestern Pacific before noon.

Telephone advices this afternoon were that the fire last night reached the summer home of former Senator Walter Price of Santa Rosa, facing the railroad near Monte Rio. The rear porch was badly damaged.

porch was badly scorched before the fire was extinguished by Mrs. Price and her daughters. They moved their possessions to the front porch, where they spent the night, ready to leave on a moment's warning.

It was reported here this afternoon that the fire was becoming more dangerous. Several hundred persons from Guerneville and other nearby points have gone to the scene to assist in

lighting back the flames. They fear that unless more aid reaches them soon they will lose control of the blaze and their homes and possessions will be destroyed. At last reports the fire was worst between Rio Nido and Guerneville.

**POPULATION 2500.**  
Riondo, a summer resort of cottages and small houses and a present population of about 2500, lies beside the Russian river about two and one-half miles over the brow of

Postmaster Johnson said the 200 men fighting the fire were insufficient and that calls he had sent out for help met with no further response.

"We won't quit," said Johnson. The fire fighters are armed with shovels and digging fire trails.

The fire started last Saturday, but

was thought extinguished late Sunday. A fresh wind sprang up late yesterday, however, and undiscovered embers rekindled the flames. The Armstrong woods, containing a number of great and ancient Redwood trees, near here, were said to be de-

**NO FOREST RANGERS.**  
There are no federal forest rangers in the vicinity. State Forester G. Morris Homans arrived here from Sacramento and left town this morn-

The corps of fighters is made up of employees of the Northwestern Pacific railroad, summer campers, and

It was believed that the fire would be brought under complete control before night. Reports from Guerneville stated that danger of the fire reaching there or of sweeping any-

where near Bohemian Grove, a tract of giant redwood trees beyond, belonging to the Bohemian Club of San Francisco, virtually is past.

---

### Governor Is Silent

## Governor Is Silent Regarding Appointee

SACRAMENTO, July 13.—Governor Johnson had nothing to say today relative to the probability of William B.

Stephens, congressman of Los Angeles, being appointed lieutenant-governor. He will leave tomorrow night for Los Angeles and will arrive there about the same time Stephens arrives from the east.

It is believed the governor will announce the appointment soon after a conference with Stephens at Los Angeles. It was stated at the governor's office that while in Los Angeles Johnson will formally open his campaign for the senate.

## Russians Stopped in Galicia, Berlin Says

BERLIN, July 13.—German troops under command of General Count von Bothmer by an encircling counter attack have driven back the Russian forces which had pushed forward in the region northwest of Bucacs. In Galicia, save

the German official statement issued today. The Germans took 400 prisoners.

REDMOND SCORES LORD LANSDOWNE

Nationalist Accuses Peer of Trying to Wreck Negotiations.

LONDON, July 13.—John Redmond, leader of the Irish Nationalists, has issued a statement characterizing the speech of the Marquis of Lansdowne in the House of Lords on Tuesday as a declaration of war on the Irish people. He says also that the speech was a breach of faith, apparently made with the intention of wrecking the negotiations for a compromise.

As reserving special notice, Redmond cites the following passages from Lord Lansdowne's speech:

"It is a bill which will make structural alterations in the act of 1914, already on the statute book; therefore, it will be permanent and enduring in character."

"But it will contain at other points temporary provisions, such as, for example, those dealing with the House of Commons, which it is proposed to set up in the near future."

"This would be a gross breach of faith, and I desire to state that I adhere strictly to the terms which were submitted to us by Lloyd George and which were then submitted by us to the Nationalists, and any departure in the direction indicated in Lord Lansdowne's suggestion would, so far as we are concerned, bring the negotiations absolutely to an end," said Redmond.

The agreement arrived at was that the home rule act of 1914 was to be put into operation as soon as possible, subject to certain modifications, which were all to be on the same footing. One of these modifications was that the act should not extend to six counties in Ulster and there was retention of the full representation of

U-Boat Crew Gives \$10,000 Prize to American Red Cross

BALTIMORE, Md., July 13.—Unloading of the cargo of the German super-submarine Deutschland was completed early today, and the ship's rise revealed that the estimates of her size have been exaggerated. Instead of being more than 300 feet long and 30 feet wide, her length is not more than 250 feet and her width is less than 25 feet. Her overall draft, figured submerged, shows that she needs at least 32 feet for complete submergence.

The crew of the Deutschland decided to turn over to the Red Cross fund the \$10,000 gift for valor from a New Yorker.

Successful undersea commerce which became an actuality with the arrival here of the German submarine has become the signal for the institution of a gigantic international enterprise interesting both German and American financiers, inventors and merchants.

Preliminary conferences were held today in the offices of the A. Schumacher & Co. concern, North German Lloyd agents, relative to the reorganization of the Ocean Transportation Company, Ltd., of Bremen, which built the Deutschland with Simon Lake, American submarine inventor, and agents of the Krupp enterprises as the principal factors.

American capital, ostensibly nourished by munitions interests, will back the project for a fleet of mammoth undersea craft, each of which will be several times the size of the Deutschland and its sister ship, the Bremen. It is understood that Simon Lake Ireland in the Imperial Parliament. These and other modifications are to remain in force during the continuance of the war and for a period of twelve months thereafter.

gained entree into the enterprise upon condition that he would not resort to litigation in connection with certain alleged infringements of patents. Lake, it is understood, will be placed in a position of superintending the construction of the submarines in this country and will derive a remuneration from those of his inventions which will be brought in service. Paul G. Hilken and Henry G. Hilken of the Eastern Forwarding Company will become directors of the concern, which will be controlled beyond doubt in the United States. However, Alfred Lehmann, head of the Bremen concern, will maintain big interests in the company.

Among those who were in the offices and who attended the meetings were Paul and Henry Hilken, Carl A. Leuderitz, the German consul here; agents of the Krupp factories and representatives of the Bremen concern.

It became known that the boats will have freight capacity of 5000 tons and will be constructed at a cost of \$1,250,000 each. The Deutschland has a capacity of 1000 tons and was built at a cost of \$500,000.

U-Boat's Visit May Cause U. S. Bother

WASHINGTON, July 13.—Although the contention of the British and French embassies that the German submarine Deutschland at Baltimore is a potential warship has had little weight at the State Department, in view of the department's information that the vessel is purely a merchant ship, officials today saw that other bothersome questions might arise in connection with the undersea boat's visit.

AMERICAN FLIERS DEFEAT TEUTONS

Yankee Aviators With French Army Successful in Sorties.

PARIS, July 13.—Another thrilling battle has been fought between Yankee and German aviators, and the Yankees have won.

For the first time in several days the American aviation escadrille in the service of France made a volunteer sortie over German lines and ran into a bunch of Teutons. Corporal Dudley Hill of Peckskill, N. Y., and Sergeant Kiffin Rockwell of Atlanta attacked an observation machine at once. Sergeant Norman Prince of Boston joined them, while a powerful aviatik rushed up to the aid of the German side.

All of the American machines were hit several times. Sergeant Rockwell got a bullet through his machine, which took a piece out of his coat over his heart, but he was untouched. The observation machine was driven down inside the German lines and the aviatik fled at the same time.

Sergeant Luf Berry of New Haven had a fight with Lieutenant Boelke, the famous Teuton flyer, who is always recognizable by his black and white colors. They exchanged eleven volleys, and then Lieutenant Boelke returned to his base. Lieutenant William Thaw of Pittsburg was returned to the French front after a brief period of recuperation in Paris.

Although he has not yet fully recovered from his wounds received in action, he flew on Monday over the German lines.

Uncle Sam to Assist Women

Bureau to Procure Positions Opens

WASHINGTON, July 13.—Uncle Sam's all ready to help his women and girls get jobs.

Organization of the recently created Women's and Girls' Division of the United States Employment Service of the Bureau of Immigration now is on a working basis. Commissioner-General of Immigration Caminetti announced here today.

Branches of this bureau have been established in all the leading cities of the country. They are in charge of women. Uncle Sam's investigation disclosed that women and girls don't like to deal with men when they go to the employment bureau.

The service bureau will give special attention to the requests of women wage-earners for work and to meeting the demand for female help in rural as well as urban communities.

If a woman in Des Moines wants a job in Kansas City, but doesn't know much about conditions there, she will be told by the bureau. Detailed information about pay, hours and general conditions will be placed at her disposal by the bureau.

If the woman wants to get into a certain kind of work, but doesn't know enough about it to become efficient, the bureau nearest her home will provide her a vocational training course along that line and she will have a job for her in the meantime.

Each bureau is responsible to the government for the sort of places it sends the woman who asks for jobs. The women in charge of the bureau must "protect the women and girls from exploitation and misdirection; and no woman or girl shall be directed to an opportunity unless the character of the place and employer has been established to the satisfaction of the officer in charge."

The factory owners and businessmen of the United States are urged to co-operate with Uncle Sam's women agents in getting efficient female help placed in the right jobs.

Name Committee for Campaign

PORTLAND, Ore., July 13.—A committee composed jointly of Republicans and Progressives to conduct the campaign in Oregon of Hughes for President has been appointed here by the Republican state central committee. Chairman Charles L. McNary, Republican state chairman, will be chairman ex-officio of the coalition committee. Members are: Republicans, S. S. Smith, Medford; E. B. Hermann, Roseburg; Walter L. Tooe Jr., Dallas; T. J. Mahoney, Heppner; Thomas H. Tongue Jr., Hillsboro; William L. Marks, Albany; Clyde G. Huntley, Oregon City; Marion Jack, Pendleton, Progressives, Thomas B. Neuhagen, Alfred; E. Clark, Arthur I. Moulton, David L. Povey and Frank H. Lewis, all of Portland.

The Republican members of the coalition committee are named to compose the executive committee, to which, under resolution of the state central committee, persons outside of the Republican party are ineligible.

Elk Herd Parades in Baltimore Streets

BALTIMORE, Md., July 13.—The big event of the Grand Lodge reunion of Elks was the street parade today in which many thousands of members of the order from all over the United States marched to the music of thirty-five bands. Grand Esquire Robert J. Lawlor of Niagara Falls was the chief marshal. Floats and spectacular designs abounded in the demonstration.

Final sessions of the grand lodge will be held this afternoon, after which there will be a band contest and Elks' drill teams will engage in competition.

Hot Weather on Way. Says U. S. Bureau

WASHINGTON, July 13.—From Maine to the Rockies and from Virginia and the Ohio river north, hot weather is likely to continue for a week or more, the weather bureau forecast today said.

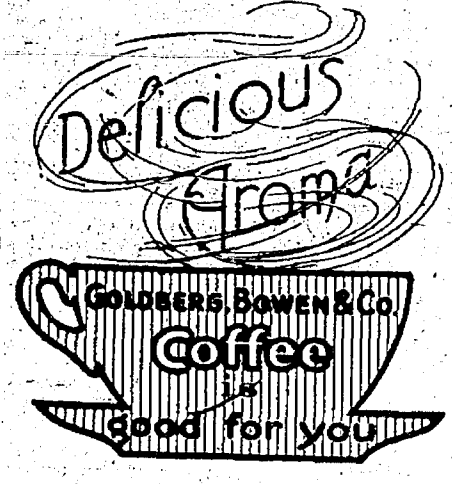

Temperatures from 90 to 95 up will not be unusual.

The south, not having had time to warm up from several thunder showers of last week, will be more comfortable.

The North Atlantic Coast heat will be little dryer than for the past two days.

Annie Besant Is Barred From India Home Rule Advocate Not to Enter Bombay

LONDON, July 13.—Mrs. Annie Besant, one of the leaders of the movement for home rule for India, has been prohibited under the defense of India act from entering the Bombay presidency, says a despatch to the Exchange Telegraph Company from Bombay.

ARE YOU GOING? SURE YOU ARE! WHERE?

TO THE GREAT Pantages' Children's Picnic! IDORA PARK, Tuesday, July 18

Free carfare to the joy-park, free peanuts, free concessions, free admission to park, free carfare back to the theater, and the GREAT PANTAGES MATINEE. Every child buying a ten-cent matinee ticket for that day gets the Idora trip FREE!

Tickets Can Be Had Now at Pantages Box Office. A big day of joy for ten cents! AND BY THE WAY have you seen the show this week? "THE HEART OF CHICAGO" "THE SERPENT OF THE NILE" "BABY VIOLET" "JIM BLACK DUO" And others—Eight Big Acts—A Double Picture Bill

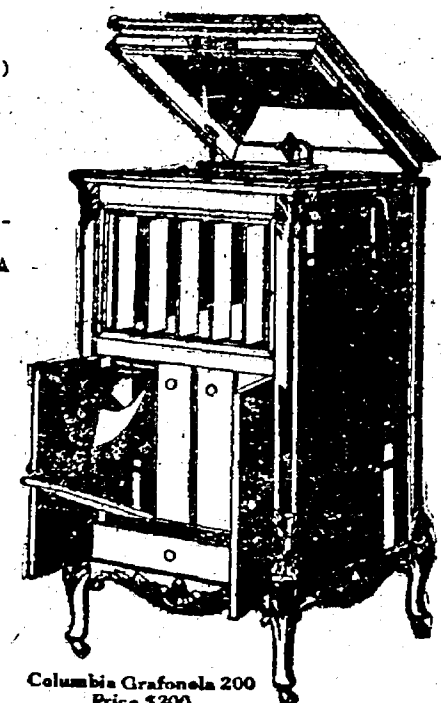

Kings of Comedy on Columbia Records

FRANK TINNEY, Al Jolson, Bert Williams, F. Weber & Fields,—any one of these "kings of comedy" is enough to pack Broadway theaters to the doors.

Their appearance is an event—yet you can enjoy their richest fun, the big hits they make as quick as they make them, hear any and all of them whenever you wish, if you have their exclusive Columbia Records. Here are some of their hits that made the entire country roar:

- A 1254 10 in. 75c Frank Tinney's First Record (Monologue). Frank Tinney's Second Record (Monologue)
- A 1253 10 in. 75c Never Mo. Purpostus. Bert Williams.
- A 1275 10 in. 75c Where Did Robinson Crusoe Go With Friday on Saturday Night, by Al Jolson. I'm Going Away Back Home and Have a Wonderful Time, by Anna Chandler.

Columbia Gramophone 200 Price \$200

Hear these records by all means today—and while there, just ask your dealer to play some of his latest dance, instrumental, band and orchestral records.

When you have heard them, you will know just why Columbia Records are better records—and why it pays to be sure to buy the genuine Columbia Double-Disc Records.

Columbia Records in all Foreign Languages. New Columbia Records on sale the 20th of every month. This advertisement dictated to the Dictaphone.

Sizes for women and children. They will go in less than an hour—this means be here at 9 o'clock if you are interested. Third Floor.

## MAY RETIRE FIVE U. S. ARMY OFFICERS

"Rigors of Camp Life" Cause  
of Disability of Many  
Colonels.

WASHINGTON, July 13.—Five regular army colonels with regiments on the border or in Mexico have been ordered upon recommendation of medical boards to retire on account of physical disability. The officers are: Colonel George H. Sands, attached to the Eleventh Cavalry; Colonel James Lockett, commanding the Eleventh Cavalry; Colonel Jacob G. Galbraith, attached to the Third Cavalry; Colonel William C. Brown, commanding the Tenth Cavalry; and Colonel Charles W. Penrose, commanding the Twenty-fourth Infantry. Rigors of camp life in the southern climate and the strenuous work of chasing bandits are said to be responsible for the condition of the colonels.

## Oil Plant Fire Loss \$250,000 Four Sections of Stand- ard Plant Burned

WHITING, Ind., July 13.—Four sections of the immense Standard Oil Company's plant here were damaged by fire early today, when flames originating from a burning radiator were transmitted through four battery condensers. The damage is estimated at \$250,000.

## J. Grant Lyman Enters Atlanta Federal Jail

NEW YORK, July 13.—Dr. John Grant Lyman has been taken to the federal prison at Atlanta, Ga., to serve a sentence of eighteen months for using the mails to defraud customers of a brokerage firm he conducted in this city under the name of John H. Putnam & Co. Bankruptcy proceedings had kept Lyman in the Tombs several weeks. After the completion of the term in Atlanta, he will be taken to California, it was said, to serve a term of fifteen months for the operation of a Panama land swindling scheme.

## INSURED ADVISED TO USE CAUTION

Expert Tells Commercial Club  
What to Be on Guard  
Against.

Declaring that the fault with insurance policies lies, nine times out of ten, with the insured rather than the insurer, warning the factory men of "catchers" in insurance endorsement and other pitfalls, R. E. Lorentz, insurance expert, has started a lively investigation by Oakland manufacturers into insurance conditions, factory policies, and conditions making claims in factories. As a result of his address before the Manufacturers' Bureau of the Chamber of Commerce, a lively move toward better fire protection and closer inspection of insurance papers is to be fostered by the factory bureau.

Lorentz, who is known as one of the foremost experts in the state, being a former adjuster for a large company, was the guest of honor at the meeting of the bureau at luncheon in the Commercial Club grill yesterday, where he explained in detail the "jokers" in "riders" or extra endorsements or agreements in insurance papers.

"The rider" may be your own making," he declared, "and when you investigate you will find it to be your own fault, as the rider is placed on the policy in your own words. For instance, if you put on it that your factory is to be permitted at all times to run, still you are not protected if you run after 10 o'clock at night, as forbidden in the body of the policy. You must specify 'to run until 10 o'clock at night and after.' The same applies to the plant being vacant for any length of time.

## American Divers Are Invisible on Water

NEW YORK, July 13.—A fleet of submarines, invisible above as well as below water, will leave the Brooklyn navy yard within a few days. The vessels are the K-1, the K-2, the K-3 and the K-4, under command of Lieutenant Ronan L. Grady.

The vessels are painted the colors of the spectrum. In certain lights they stand out against the blue water like variegated zebras against a dull background. Numerous experiments have been made with the colors. Several have been changed and the lines of the boats have been altered slightly.

It is doubtful whether the idea would be worked further were it not for the fact that on a recent trip to Norfolk the undersize boat commanded by Lieutenant Grady proceeded on to Key West because the rest of the fleet had been invisible. It was just at dusk when the port of Norfolk was reached. None of the vessels could see the others. All anchored except that of Lieutenant Grady.

## Remove Hairy Growths Without Pain or Bother

(Modes of Today)  
It is not necessary to use a painful process to remove hairy growths. For with a little delatone handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone.—Advertisement.

## Use Photographs as Counterfeit Coins

FORT WORTH, Tex., July 13.—Weeks of patient searching and watching by Captain Loughry of the police bicycle

squad were rewarded when he placed under arrest a white man who is wanted by the Federal authorities in connection with the recent counterfeiting operations of two men at Abilene. The other man in the case was arrested here about three weeks ago, and, according to Captain Loughry, is now serving sentence in one

of the Federal prisons. Captain Loughry's prisoner was transferred to the Federal authorities for a hearing. Counterfeiters are alleged to have photographed United States banknotes, a photograph of each side of the bill being printed and pasted back to back. The prints were thinned down by wearing

away the reverse side with sandpaper. Tinting was done in a crude way and wonder is expressed by authorities at the ability of counterfeiters in passing their spurious money. Operations were carried on principally in the vicinity of Abilene and Baird, Federal authorities say.

# Neither King Nor Kaiser Controls Our Business

The first duty of any merchant is to protect his customers. That means, that if he cannot or will not do his best in that direction he does not deserve that customer's business.

It's your Clothing merchant's duty to protect you against the conditions some inflamed minds believe are due to the war in Europe. If he cannot do it, you ought to buy your clothes where you ARE protected.

## A Lot of This War Talk Is BUNK!

We know what we are talking about when we say that any merchant with a respectable buying-power and a conscience, that's part of his heart, CAN—if he really wants to—protect his customers. He CAN give them pure wool. He CAN give them "fast" dyes. He CAN give them Square, Honest Merchandise that WILL hold up, that WILL wear, that WILL give LASTING SATISFACTION.

## We Positively Guarantee Fast Dyes and Pure Wool

Our big seven-store power and business stands back of that promise. Our own eastern manufacturing plant stands back of it. Our nation-wide reputation for ALWAYS AND UNDER ALL CIRCUMSTANCES making good on our word stands back of this Guarantee as well as the claim that we sell

# THINK MAN-EATER HAS BEEN KILLED

Five Makes Up Total of Victims of Ferocious Shark.

MATAWAN, N. J., July 13.—The shark that killed a man and boy in Matawan creek yesterday and mangled a third here is believed to have been trapped in the creek. Richard Erdman, one of the party hunting the man-eater, reported this afternoon that he saw the shark's fin within twenty feet of the spot where the bathers were attacked yesterday. Two large charges of dynamite were dropped immediately and men armed with rifles lined the banks of the creek to shoot the monster if it is blown to the surface.

NEW YORK, July 13.—A monster shark, whose stomach contained part of a human body, was killed at Keyport, N. J., today, according to information received at the weather bureau here from the observer at Long Branch, N. J.

There was considerable doubt expressed at St. Peter's hospital, New Brunswick, N. J., today that Joseph Dunn, 13-year-old boy whose leg was stripped of flesh from a shark bite, would recover.

Hundreds of men armed with rifles, pistols, dynamite and all sorts of harpoons hunted ceaselessly along the Jersey shore today for the shark.

State aid in seeking the shark will be asked of Governor Fidler today. Dread of further attacks is playing havoc with the business of bathhouse proprietors in all beaches near by. The bathers apparently reason that if a shark swims up into the sluggish waters of Matawan creek—not more than fifteen feet deep—he will go anywhere.

The fishermen experts in and around New York think there is only one man-killer shark—but assuming the big fish has shown an amazing faculty for travel and a boldness which does not match with supposed facts as to the timidity of sharks in general. A little over a week ago Charles E. Vanant of Philadelphia was attacked at Beach Haven, N. J., and killed. Five days later, on July 6, Charles Bruder at Spring Lake, N. J., succumbed to terrible injuries inflicted by a man-eater.

## —Backache?

## —Rheumatism?

## —Run-down?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swelling the slightest need of this, however, as the new prescription, "Anuric," is bound to give immediate results as it is many times more potent than little in riding the improper blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Anuric" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, colds, tremors, scalding and burning, urine and sleeplessness due to constant arising from bed at night.—Advertisement.

# Rotary Club Delegates Speed East Oaklanders Making Cincinnati Trip

PRESIDENT ALBERT E. CARTER OF THE OAKLAND ROTARY CLUB AND MRS. CARTER, AT THE STATION JUST BEFORE BOARDING THE ROTARY SPECIAL FOR CINCINNATI.

Members of the Oakland Rotary Club delegation, armed with Oakland souvenirs, Oakland literature and little medals urging all the East, and, indeed, the whole world, to come to Oakland, today passed through Nevada on their way to the big national Rotarians convention in Cincinnati. The special train carrying the Rotarians of Oakland, San Francisco, Berkeley, Fresno, Stockton and Sacramento will be met tonight by the car bearing the Washington and Oregon Rotarians and tomorrow the southern California Rotarians will also be coupled to the bay special.

The party will arrive in Cincinnati today before the big convention opens. Social affairs as well as interesting business details, and several large public affairs are planned by the citizens of Cincinnati. The Oakland delegation will

give stereopticon lectures on this city during the convention. Oakland is the third Rotary club in the chain that now is international, and has taken a prominent part in the work. Various souvenirs boosting Oakland will be distributed during the trip.

The official party that left Oakland yesterday on the special included President A. E. Carter of the Oakland club; Dave Aronson, Oakland; John F. Smith, Oakland; Fred Roller, Berkeley; Mr. and Mrs. H. A. Mayhew, Oakland; H. E. Wilkinson, Fresno; Joseph Holbright, Sacramento; Charles Graham, Sacramento; Charles Pearson, Stockton; Charles H. Victor, San Francisco; Mr. and Mrs. J. S. Walsh, San Francisco; Mrs. Krom, San Francisco; C. F. Auger, San Francisco; Mr. and Mrs. H. J. Bruner, San Francisco.

# ALBANY HOLDS KEY TO HIGHWAY PLAN

County Aid for San Pablo Avenue Work Argued by Board.

Upon the little town of Albany depends the complete improvement of San Pablo avenue north from the Oakland city limits through Berkeley and on into the Richmond territory and the state highway beyond in Contra Costa county, members of the board of supervisors in committee today voting sentiments in favor of giving county aid to the extent of nearly \$40,000 for paving the highway.

Supervisor Fred W. Foss of Berkeley introduced the matter in the committee, the members present beside himself being Chairman Murphy and Supervisor Hoyer. Chairman Murphy maintained the stand he took last Monday when the matter was first broached, in that all sections of the work should be done in conjunction and make the "connecting link" in the state highway system out of Alameda county on the north.

Charles E. Stern of the State Highway Commission was present at the meeting. He said that the San Pablo route into Richmond will be one of the biggest and most important feeders into Alameda county in the near future, owing to the operation of Richmond ferry and the construction of the Black Point cutoff, which will give motorists from valley points and from the Eastern route and the Lincoln highway ingress to Oakland, through the preference of crossing between Sausalito and San Francisco.

Chairman Murphy contended that if county aid is given within the municipalities of Berkeley and Albany under the new highway law, the city of Oakland would be in a position to ask for assistance on East Fourteenth street as that thoroughfare is on the direct route from San Jose through Hayward and San Leandro into Oakland.

FORESEES SENTIMENT. Supervisors Foss maintained that county aid could at the most be given only on the foothill boulevard within the Oakland limits, as the thoroughfare is connected up with the state highway. Commissioner Stern agreed that the foothill boulevard and not East Fourteenth street would be subject to such county aid as the situation stands at the present time.

"The majority members of the board will prevent me from putting this deal through," said Supervisor Foss, in speaking of the pavement proposition. "But I feel that there will be an overwhelming sentiment in favor of it and that the people of Oakland are entitled to such a forceful way that in spite of politics they will not hold out in petty defiance."

The delegation that appeared before the board, consisting of representatives from Berkeley and Albany, were told that the matter would receive the attention of the supervisors and that a decision would be reached by next Thursday.

## Buy City Supplies in Open Markets

The council today voted down a resolution proposed by Commissioner W. J. Bacus to adopt specifications and call for bids for supplying gasoline to the city for motor cars and the apparatus, on the recommendation of Purchasing Agent A. T. Kalas that he will be able to save money by buying in the open market.

The council also authorized Kalas to purchase bread in the open market for the city police. Instead of entering into a contract. Another continuance was granted on the West Oakland marshland fill project, as the San Francisco bridge company asked for more time before commencing work. The council granted two weeks' extension, but placed itself on record as against any further delays.

## Two-day Hearing on Proposed Bridge

Dates for the hearings on the proposed bridge across the bay have been changed by Lieutenant Colonel Thomas H. Rees, government harbor engineer, who is to give Oakland a two-day hearing instead of one day. The Oakland hearing will be held at the Chamber of Commerce August 17 and 18, when shippers, fishermen, traders, men, business men, automobile men, and all engaged in a virtually every line of business will give testimony as to the desirability of a bridge, and as to its non-interference with navigation as planned by the engineers who drew the plans for the long span.

There will also be a two-day hearing on the matter in San Francisco, when the matter will be gone into from San Francisco's viewpoint.

## Plans Are Made for New City Bathhouse

Rough drawings and tentative plans for the proposed new bathhouse to be erected on the east shore of Lake Merritt are being considered by the board of playground directors. The plans were drawn by Architect Dickey of the firm of G. W. Dickey and J. J. Donovan, architects.

The playground board has referred the drawings to the board of park directors for approval. The playground commission is asking the appropriation of sufficient funds in the budget for this fiscal year to provide for the erection of the bathhouse.

## FORGERY TRIAL SET.

W. L. Burnham, who is accused by Martin E. Macdonald, forger, will come up before Judge George S. Sams for examination August 8. Burnham is out on bond. The trouble arose over a \$225 check. Frank Mitchell Jr. said for Judge Samuels, who is on his vacation.

## DEAD ON HIS FEET

# Bay Side Parlor to Install Officers

Public installation of officers will be held by Bay Side Parlor, No. 204, N. D. G. W., and Bay View Parlor, No. 235, N. S. G. W., at Alcatraz hall. The following officers will be installed: President, Anna M. Nally; first vice-president, Irene Hoos; second vice-president, Alma Spicer; third vice-president, Jeanne Goodfellow; Mary Thomas; recording secretary, Genevieve Wilson; financial secretary, Ella M. Korman; treasurer, Jeanne Goodfellow; inside sentinel, Lydia Allen; outside sentinel, Viola Penington; organist, Emma Bradley; trustees, Clara Rossie, Eleanor Nyrick, Josephine McCarthy. The officers of Bay View parlor are:

President, Joseph Nollan; first vice-president, Elmer Bradley; second vice-president, M. Parens; third vice-president, C. Holtz; marshal, M. R. Lawrence; recording secretary, Joseph Galagher; financial secretary, Fred Rutschmidt; treasurer, Richard Penington; inside sentinel, W. Clark; outside sentinel, W. A. Bradley; organist, A. Johansen; trustees, H. Schiding, W. J. Dolan and J. Valladone.

AGENCY MAN GUILTY. Edwin Loosmore, a Franklin street employment bureau man, was found guilty of running an agency without a license today by Judge Mortimer Smith and will come up for sentence tomorrow. He violated the state employment bureau act.

# Man Is Arrested for Reckless Driving

Alvin W. Freudendahl, a merchant, is out on \$25 bail today, charged with driving in a reckless manner, knocking down a pedestrian and then going on his way without informing himself as to the extent of the other man's injuries. Freudendahl was driving a horse in an easterly direction on East Fourteenth street. As he came to Forty-sixth avenue he ran into John Dougherty, 1415 Fifty-first avenue, knocking him down. He is accused of not stopping to see whether or not he had injured Dougherty.

paper in Oakland.  
Suggestions Solicited.

## EDITORIAL

What do you think of "Bowman's Bulletin"? We want you to write and let us know whether or not you are pleased with this method of advertising our business. We have been publishing our advertisements in this miniature newspaper form for nearly four years, and we sometimes wonder if our customers would not prefer the more flamboyant, big type, ordinary style of "ad" to our modest weekly groupings of store news as it appears.

That people read this "Bulletin" has been proven many times, but whether they would prefer bigger type, more pictures and a conventional style has not been entirely settled in our minds. Therefore, if it isn't too much trouble, let us have your suggestions. We run our store to accommodate our customers, and we desire that our advertising also should follow in accord with the wishes of our patrons.

## GET RID OF ANTIS WITH THIS COMBINATION

Don't forget to feed the ants. And be sure that you feed them something that will cause them to turn over for the last time. Argentine Ant Poison, put out in the garden, kills off the colonies. Anti-Ant drives them out of the house. The combination will rid you of the pest, if persistently and systematically applied.

## JULY HAND BAG SALE STARTS SATURDAY

Next Saturday morning our Annual July Handbag Sale begins. These sales are now so well known that the simple announcement of the starting date assures a crowd for the opening day. This year the greatest bargains will be found among the odd ends. Styles for 1916 were so diversified that we did not stock up on any particular model, but, instead, selected a wide variety of models, sometimes not over one or two of a kind. As a result, it will be impossible for us to group the items, as usual. Instead, each bag will be marked at a specially reduced price applying to it alone. It is probably needless to say that these Sale Prices will afford some great values and that anyone at all interested in a new handbag will make no mistake by being on hand at the opening day of the sale.

## KEEP YOUR HOME DISINFECTED AT ALL TIMES

Household use of disinfectants is becoming more general all the time. People are beginning to realize the importance of hygienic conditions. Sales of formaldehyde, chloride of lime, fumigators, etc., are increasing right along, while diseases traceable to unsanitary conditions are not nearly as prevalent as formerly. Speaking of household disinfectants, you will notice that we are advertising among our "Specials" Bowman's Disinfectant. This is a splendid antiseptic to have at hand. It should be used wherever putrefaction is likely to occur, or where germs may accumulate. It is a powerful disinfectant, kills germs, wash basins and even telephones should be cleansed frequently. This is especially necessary during warm weather when white flies and ants swarm and scatter over everything.

## KODAK FILMS FROM EVERYWHERE

If you could spend a day at our kodak film developing and printing studio at this time of year you'd get some kind of an idea of the extent of our business in this specialty. On the morning of July 20 the fourth of July two suitcases full of films were sent to our studio on the first delivery. These films were from all over the United States—from practically every State in the Union. We received them from camps and resorts in almost every nook and corner of California. Photographers everywhere seem to agree that best results are obtainable with us, and as a consequence favor us with all of their business. We have customers who send their films from New York City, films from the States where one would think that good developing and printing could easily be obtained. The extent of our business in this respect is a great compliment to the quality of our work.

[illegible]

## ALAMEDA TROOPS ON PATROL DUTY

## Messages Tell of Selection of Local Company for Border Work

ALAMEDA, July 12. — Despatches from the border this morning, telling that Company G of Alameda, was the first guardsmen company to be detailed for border patrol duty, caused wide interest here. The Chamber of Commerce, through Secretary Edward J. Silver, wired to Captain C. P. Magagnoli today that Alameda was taking pride in the selection of the local company for the initial militia patrol work.

Cook W. D. Tullock was scalded on the arm en route to the border when a lurch of the train threw a quantity of boiling water on the soldier. It was 116-in the shade while the captain was writing his letter.

clering Elmwood park to be in Zone one, under the provisions of the new zone law. The ordinance has been drafted upon the basis of a report submitted to the commission by Charles H. Cheney. The zone will be coterminous with the park, excepting only some buildings containing flats which will be declared in Zone two, and a school which will be properly classified.

The council is to be asked to continue Cheney in the service of the commission to make a full survey of the district.

ALAMEDA, July 13. — Here is a 13 story. Morton H. Hughes, proprietor of the Hotel Crescent, with 13 letters in his name, is celebrating his birthday today, the 13th. The hotel number is 1300.

**Alameda Couple Are Married at Church**

ALAMEDA, July 12. — Miss Lydia P. Caulfield and Van Meter Smith were

married yesterday at Christ Episcopal church by the rector, the Rev. Everett W. Couper. The bride is the daughter of Mrs. George Fehd of this city. Smith is with the Humboldt bank in San Francisco. He is a nephew of Mrs. Joseph Seagrave of Alameda and has made his home with his aunt for several years.

**TRIP FOR CHILDREN.**  
ALAMEDA, July 13. Miss Adelaide Sammy, play supervisor at Washington park, will take a group of playmatten

children to Lafayette next week for a three days' outing. Councilman John H. Wilkens has given the use of his Lafayette summer home to house the children while on their outing.

ALAMEDA PERSONALS

ALAMEDA, July 13. — Mrs. Walter O. Lyttleton, who has been at Dutch Flat for several months, for the benefit of the Sierra foothill air, is spending a few days in Alameda with her family. She is

Mrs. Charles S. Neal and Mrs. W. H. Foster left today for an auto tour to the Yellowstone park. At Sacramento

they will be joined by Miss Sophie Dugan. Stops will be made at Tahoe, Reno and Salt Lake City. In the park the tourists will be joined by Mr. and Mrs. Philip Plummer. The return home will be by way of the northern route.

Mrs. Henry Rosenthal goes to Brookdale Saturday to be the guest of Mrs. W. E. Allison.

Mr. and Mrs. A. L. Foster have returned from a tour of the east and Canada. From Portland the journey home was by steamer.

Mr. and Mrs. L. B. Young have returned from their honeymoon trip to Southern California and through the southwest into Texas, where they visited relatives. They are living at 3241 Lab-

Mrs. Charles Jordan and little daughters, who arrived recently from the Philippines, are guests at the Gabriel Schen home on San Antonio avenue.

They are later to go to Palo Alto to reside. Mr. Jarman will arrive later from the islands. He has extensive business interests at Cebu.

The wedding of Miss Marian K. Will-

Hams of Cottonwood and Arnold T. Brown of this city will take place at the home of the bride-elect's aunt, Mrs. Angus Clark, in Berkeley in October. Brown is the son of Mr. and Mrs.

Brainard C. Brown. Miss Williams is the daughter of Judge and Mrs. L. R. Williams of Cottonwood. She and Brown met while the latter was at Cottonwood as superintending engineer for an irrigation project.

tion company. Brown is a U. C. graduate and a member of Sigma Chi fraternity.

~~~~~

won't be able to imagine just how much

good you have done for her until after you have brought her back and have seen how much she enjoyed it.

There is also another way in which you could help her. She depends on-

She could help not. She depended en-  
tirely upon a very small amount which  
she receives every month to pay all her  
expenses. This small sum does not in  
any way allow for anything more, than

just her dire necessities in the way of eating, and hardly pays her rent. A stove was given her just a very short time ago, and someone else offered her quite a little bit of wood if she would

be able to have it picked up and dumped in her yard. This she is unable to do, for she cannot spare the 50 cents that it will take to hire a wagon to pick it.

up and bring it to her. We are sure that it will be no trouble whatever to let her have this 50 cents with which she can then have wood enough to last her for a good long time. Let's do what

we can for her. What do you say?

## LITTLE HOPE FOR PEACE, SAYS AKED

In Berlin He Learns Germans Expect to Fight Year

Already Teutons Discuss Demands to Be Made at War's End

STOCKHOLM, Sweden, July 13.—Regardless of the decision ultimately will record as to victor and vanquished in the great North Sea naval fight of May 31 and June 1, there is no denying the fact that the battle brought a sudden stiffening to the so-called "war party" in Germany. All talk of Germany being willing to end the war on a basis of the antebellum status quo ended.

It is being given out now in neutral Europe that Germany will require a slight rectification of her frontier at the expense of Belgium. It is further asserted that it will be necessary for the central powers to keep a strip of Serbia in order that the railway to Constantinople shall always run through friendly country. Germany always has maintained that her colonies should be returned to her. It is now added that there must be compensation for German losses in the Congo. Something also must be done, it is stated, "to keep Belgium from being the vassal state of England."

AKED IN BERLIN.  
Rev. Dr. Charles F. Aked of San Francisco, one of the American delegates to the neutral conference for continuous mediation sitting in Stockholm, was in Berlin on a mission of peace at the time of the North Sea fight. It is commonly reported he was there by invitation of the German government. At any rate he seems to have had no difficulty in obtaining audiences from most of the higher officials.

Dr. Aked brought back a very gloomy report. There seemed to be no sign anywhere that the war would end within another year. The new statement of peace terms that were demanded by the now dominant "war party" coupled with the governmental announcement that peace could be had on the basis of consideration of the military situation of the opposing armies and without consideration or discussion as the cause of the war appears to have chilled even the most ardent of the peace advocates abiding in the neutral countries.

NO CONCESSIONS.  
Dr. Aked is said to have suggested to officials in Berlin that the neutral nations would not look with favor upon German retention of any of Belgium and to have received the answer: "The neutral nations are not going to dictate to the 120,000,000 of the central powers. We have bought upon a basis of the neutral capital. Germany must be protected against future attacks. Shall we give back all we have won at such great costs? Shall we give up the valuable coal and iron lands of France in our hands? As to Serbia and Montenegro, they have had their lesson, I hope. We will leave Austria to deal with them."

Even the extreme pacifists in Germany are said to have told the emissary from the neutral conference that the time was not ripe for overtures of peace. In respect of the conflicting claims of Germany, it was said the naval fight had lessened the war by twelve months at least. The only thing the pacifists could do now was to wait for the right moment and seize it when it came.

NOT FRIENDLY TO U. S.  
Dr. Aked reported to the conference that he found everywhere in Germany the conviction that the German armies cannot be beaten in the field and that the allies cannot exhaust German resources. Money and men seemed to be plentiful, he said, and an American living in Berlin was asked to name a hundred thousands of men trained to the minute, who had not yet been on any firing line. Extremists of the "war party" were most confident in their military claims. They asserted that they had no fear of the English or Russian armies, because of their deficiency in trained officers.

It is said Dr. Aked found very little sentiment favoring the United States as a mediatory agent. There is a strong feeling in Germany against the United States engendered partly, of course, by the submarine controversy.

ALDEN CLUB MEETING.

## APPEAL MADE FOR DEPENDENTS OF SOLDIERS

### COMMITTEE FINDS MANY SAD CASES OF WANT

Fund of Commerce Chamber Must Be Helped

YOU have been reading daily in these columns for the last three weeks that the Chamber of Commerce committee on military affairs is raising and distributing a fund for the relief of dependents of National Guardsmen. YOU have noticed with passing interest that a few individuals and firms have contributed substantial sums for this purpose and YOU have been glad to know that "some one" is looking out for the welfare of those who were left behind when the soldiers suddenly departed at the call of their country. But have YOU given the situation more than a casual thought now and then?

Do you realize that there are cases of suffering and penury in Oakland more poignant in their appeal to human sympathy than the regional woes over which your eyes grow moist as you watch reel dramas or read your novel in the evening? Do you realize that the fund of some \$2000 which has been subscribed is pitifully inadequate to supply the mere bodily needs of women and children who are enduring biting privation solely because they have willingly given their breadwinner to the service of the flag? YOUR generous help is needed—and needed sorely.

Not even the members of the charitable committee realized the magnitude of the task they had undertaken or the sharpness of the pain and admiration for the spirit of devotion. LEFT FOUR DEPENDENTS.

Before the summons came from President Wilson for the mobilization of the National Guard, Mr. and Mrs. A. were living very comfortably on the wages of the husband who was a commercial artist. Work was steady and the income provided all comforts for the little family, consisting of the husband and wife, and three children of 6, 3 and 2 years. Expenses ran close to income, however, and there was nothing laid aside for a rainy day.

Unprepared for the emergency, the husband received with dismay the order to prepare his equipment for border service. Torn between love of his dear ones and love of country, he realized that he must answer the most urgent call to protect his homes and lives of others as well as his own. But how could he leave his own family without means of subsistence? In a few days he tried to raise money by loans from his friends, but others were as hard-pressed as himself. When the day of departure came all he could leave with his wife was \$3.75.

With this pittance in hand the mother hoarded every nickel, hoping that she could make the sum last until some miracle would intervene to assist her. In a few days she thought, her husband could be able to send her some of his soldier pay; perhaps the war scare would soon be over and the troops dismissed; perhaps friends would think of her and come to her aid. Too proud to appeal to the public as a beggar so long as she had a penny left, she bought day by day just enough milk and bread for the support of four lives. The two older children had their regular meals of bread and milk, the baby never missed a ration of milk, but the mother ate dry bread that the children might have all the milk.

DRY BREAD HER MEALS.  
Dry bread—the food of a wife and mother, who has made the supreme sacrifice to her country! Even this sustenance was on the verge of failing, as her money had dwindled to almost nothing and despair gripped her heart. Still she shrank from the necessity of throwing aside her pride and begging food for her children. The opportune visit of a friend saved her from this ordeal. Her case was called to the attention of the committee and food and money were at once supplied.

Mr. and Mrs. B., past three-score years of age and feeble in health, had three stalwart sons who were enrolled in the National Guard. One son was married and had his own dependents, for whom he provided,

but the other two devoted themselves to the support of their parents. Fate was kind to the aged ones; presently they were missing life's declining years sheltered and cared for by their children.

But with the call to arms all was changed. The three sons, of whom they were so proud as they eyed them in their uniforms, marched away. What money they had they left with their parents to tide them over until they could send more. It was but little, and it soon dwindled away.

STRICTLY PERSONAL  
Dr. W. B. Walsh of San Diego and Mrs. Walsh, have arrived at the Hotel Oakland on a vacation trip through the State. They will be in the bay region for several days.

Mr. and Mrs. Donald Green of St. Louis registered today at the Hotel Oakland. They are on a honeymoon trip and will visit the south of the State before returning to the east, after they have made their home in California.

L. Morris of San Jose, a merchant, arrived at the Hotel Oakland today, arriving on a motor trip of the State.

J. B. Dudley, a San Francisco automobile dealer, is also at the Hotel Oakland, preparatory to starting on a State wide motor trip from this city.

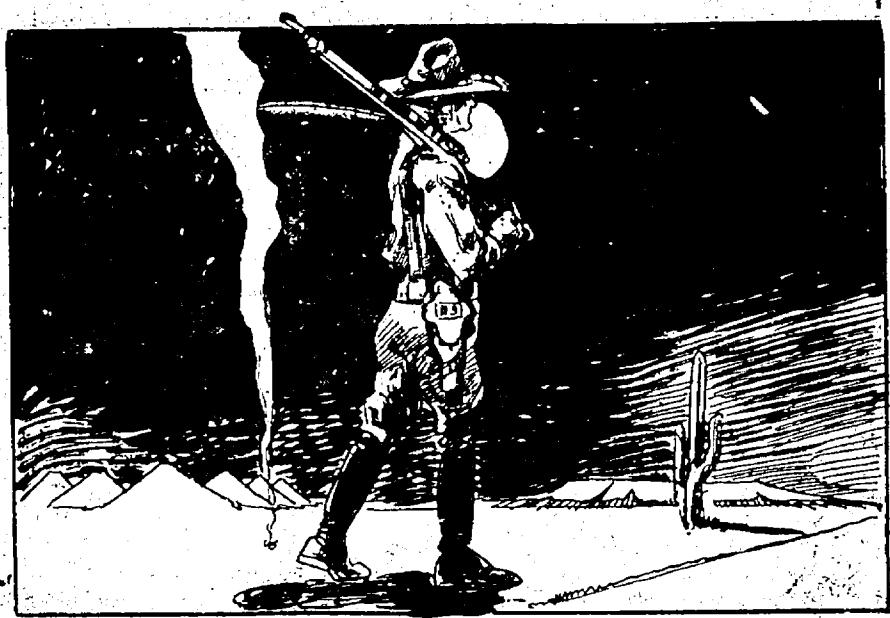

D. S. Rosanwald of Albuquerque, New Mexico, is at the Hotel Oakland, on a vacation trip through California, and will remain over several days to transact business. He declares that up to the time he left New Mexico there was little excitement over the Mexican situation.

Arthur C. Harper, a banker of Stanislaus county, is a visitor at the St. Mark. He will be in the bay region until the end of the week, on business.

Mrs. G. A. Hayes, 1144 Fortieth avenue, wife of an employed by the city of Oakland, in charge of the city play driver, won the auto given by the merchants at the Panhandle last Monday night. A packed house greeted the committee and judges of the award.

Sleeping in Woodshed Offered as Cruelty  
Alleging that her husband, who was much younger than she, induced her to go to Portugal on a trip with him, on the return of a \$5000 insurance policy left by her first husband, and that, after the money had been spent, he mortgaged their home and forced her to sleep in a woodshed, Mrs. Josefa Goncalves was granted an interlocutory decree of divorce today from Henrique Goncalves. She is 60 years old and he 22.

## These Are Guarding You

## Are You Guarding These?

100 HAVE BEEN FURNISHED RELIEF  
MANY ARE CASES OF DESTITUTION

Relief has been given in nearly one hundred cases, from which the following typical ones are selected:

I. That of a wife left with three small children and \$3.75 in the house. She was living on dry bread, while the children had bread and milk.

II. That of an aged couple having three sons in the National Guard dependent upon two of them. They were found without food or firewood.

III. That of a wife with four small children under seven years. Her husband was employed in the street department at \$1.50 a day. The family was found destitute.

IV. That of a paralytic wife with three small children. She is unable to care for her children because of her infirmity and is herself in need of a nurse and medical attendance.

V. That of a wife with two small children so young that she cannot leave them and seek work for their support. She has been living upon the charity of a kindly grocer who has kept her supplied with necessities.

The following contributions have been made to the fund for the relief of dependents of National Guardsmen:

|                                    |          |
|------------------------------------|----------|
| J. A. Beaver                       | 1.50     |
| Oakland Clearing House Association | \$100.00 |
| Oakland TRIBUNE                    | 250.00   |
| H. C. Capwell Co.                  | 200.00   |
| Oakland Engineer                   | 100.00   |
| Kahn Brothers                      | 100.00   |
| Edson F. Adams                     | 100.00   |
| George C. Pardee                   | 50.00    |
| Victor H. Metcalf                  | 50.00    |
| R. M. Fitzgerald                   | 50.00    |
| Clem J. Aday                       | 25.00    |
| A. C. Richards                     | 25.00    |
| John Beckwith                      | 5.00     |

Alone in the home from which the light and joy had faded, the two feeble parents eked out what little provisions they could buy. Ill and weak with the infirmities of age, they were unable to prepare nourishing and appetizing dishes, even had the means sufficed. The food which they had was of the simplest and cheapest variety, and the amount of that decreased from day to day. Their supply of firewood ran out, and they could not replenish it. Cold and

hungry, sick and almost helpless, the old couple were found by neighbors lying in bed that they might keep warm. Relief came just in time to prevent a tragedy that would have brought irreparable sorrow to three boys in khaki.

Mr. and Mrs. C. had suffering, anxiety and sorrow in their home before the husband was called to the ranks. The couple have three small children, and shortly after the birth of the last, the mother suffered a paralytic stroke, which left her powerless to move her lower limbs. It had been the habit of the husband for months to dress the children and prepare breakfast before he went to his work, as the mother was unable to perform these duties, occasionally a neighbor would come in and give assistance with the housekeeping.

When the husband was compelled to depart for the border, they tried to look upon the situation as cheerfully as possible, with the hope that somehow things would turn out all right. There was a little money in the house and soon the husband would be able to send home his first month's pay. Neighbors would come in and look after the children.

URGENT CASE.  
Neighbors did not, but neighbors could not do everything. The money gave out and the little family became entirely dependent upon the charity of those who lived nearby. Moreover, the mother is in urgent need of medical attention and the care of a trained nurse for the alleviation of her malady. The case was reported to the committee, and relief is being arranged so that the mother may be placed under treatment.

Mr. and Mrs. D. were struggling to make both ends meet before the husband was summoned to devote his services to his country. He was employed as a laborer in the street department and was earning \$1.50 a day upon which he was trying to support his wife and four small children under seven years of age, the youngest eight months old. The family was entirely destitute when the committee came to its relief.

Mrs. E., the mother of two small children, was left with only a few dollars in her purse when her husband joined the colors. By careful economy she managed to make the money last for a week, and then the blank wall of destitution stared her in the face. She could not go out in search of work because her children are too small to leave unattended. For the last two weeks she has been dependent upon her grocer, who has been generous and kindly man, who has kept her supplied with necessities.

MANY MORE CASES.  
These and many similar cases have received prompt relief from the fund at the disposal of the committee. But it takes a very little figuring with a pencil to ascertain that \$2000 will not go far in the work which Oakland is called upon to do.

Every contribution is needed and none is too small. If you cannot give \$50, give \$5; if \$5 is more than you can spare, give 50 cents. Every penny will go to the alleviation of real want suffered in the noblest of all causes—the service of one's native land.

Mrs. Mark L. Regua, chairman of the relief sub-committee, has asked the following women to assist her in the charitable work: Mrs. Victor H. Metcalf, Mrs. Harry East Miller, Mrs. George E. Perkins, Miss Augusta E. Seldner, Miss Ethel Moore, Miss Matilda Brown, Miss Annie Florence Brown, Mrs. J. F. Carlston, Mrs. Joseph E. Caine, Mrs. Albert E. Palmer and Mrs. A. J. Mitchell. The committee ultimately will contain representatives of the Settlement and Playground Workers, the Red Cross, the Nurses' Association, the medical profession, the women's clubs, schools and churches.

## Women of City Now Interested in Work

Proxys's Plea Is Unavailing  
Motorist's Representative Fined \$25

CENTERVILLE, July 13.—Did a wily motorist who sent a pretty young woman as proxy to advance excuses for speeding calculate the charms of the fair pleader would influence the sentence imposed by Judge John G. Matto?

Deputy District Attorney M. J. Clark, who prosecuted thirty speeders in Judge Matto's court this week, propounded this question to himself as a dapper little woman stepped forward when a man's name was called. She pleaded tearfully for the speeder, who, she said, was her husband and was unable to be present. Judge Matto listened attentively and smiled graciously, but imposed the usual \$25 fine.

The thirty speeders on this week's court record at Centerville is the largest number for the season. A number were fined \$25, the cases of others were continued and several failed to appear. Many of the motorists caught in the speed cops' trap were hurrying off on vacations, and wrote from summer camps, asking a postponement of their trials until after the holidays.

Cold Stream of Water Prompts Divorce Plea  
Muriel W. Young, 1170 El Centro avenue, packed a few of her wedding gifts and with her baby departed from home and went to her mother's following complaint of abuse from Albert B. Young, she filed in her divorce complaint which was filed today, but the same night her husband followed her and obtaining entrance to the house, took and carried away practically everything that she had except the child.

As an additional cause for complaint Mrs. Young alleges that on another occasion while she was giving the baby a bath, her husband appeared on the scene and snatching the child from the tub and thrust her under a stream of cold water from a faucet in the kitchen. Then he locked her out of the house for several hours, she says.

The couple were married in July, 1912, and shortly after their marital differences arose, according to the wife's complaint.

Rotary Club Hears Address on Gas  
The Oakland Rotary Club today celebrated the fiftieth anniversary of the use of gas in Oakland, when Frank A. Leach Jr., manager of the Pacific Gas and Electric Company, lectured on the progress of gas making, illustrating his talk with practical demonstrations.

The dinner table looked almost like a section of a chemical laboratory as the expert traced this and that from oil to gas with the apparatus before him. He showed how the oil arrived at the plant, the purifying processes, how the oil was "cracked" to gas, and described the by-products of the transition.

The luncheon was presided over by Lance Richardson, in the absence of President Albert E. Carter, who is on his way to Cincinnati for the national Rotarians' convention.

Sleeps in Auto and Now Waits in Jail  
Frank Fahey is held at the city prison today on suspicion that he does not own the car in which he was found sleeping at Tenth and Franklin streets. When Officer Peter Connolly found the man, he claimed that the machine was his, but later admitted that it belonged to his uncle. He said that he had driven the car from Winters, and did not want his uncle to know that he had the machine. The car is listed under the uncle's name at Winters, but the make is different in the directory list. Fahey was charged with drunkenness and marked "hold" by the police, until enlightening information is received from Winters.

"Grand Old Man of Turf" Seriously Hurt  
CLEVELAND, July 13.—Ed F. (Pop) Geers of Memphis, Tenn., grand old man of the light harness racing world, was thrown from his sulky and injured at the North Randall track at noon today when his racer, Sir Anthony Carter, trying to score, ran into a harrow which was being used to repair the track. Lizzie Grown, Charlie Valentine's horse, stepped on Geers' head.

## Stolen Autos Are Found by Police

Three automobiles were recovered by the police during the early morning hours. The five-passenger machine of Dr. M. E. Purcell, 1441 Telegraph avenue, standing at Thirteenth and Harrison streets, was taken late last night. It was recovered by the Northern Police station, W. D. Stadfeld, 312 Blair avenue, Piedmont, reported the loss of his car from Clay street, between Twelfth and Thirteenth. Officer Dolan recovered it later at Ninth and Broadway. C. R. Blankenship of 1218 Grove street, whose five-passenger machine was taken from in front of a Twelfth-street theater, has been notified that Officer Switzer found it at Fourteenth and Harrison streets.

## Moose Boost for Vallejo Home Site

VALLEJO, July 13.—The advantages of Blue Rock Springs as a site for the California branch of Mooseheart, the home for invalid and superannuated members of the Moose order, will be presented by delegates from this city at the twenty-eighth annual supreme convention of the Moose at Mooseheart, Ill., from July 17 to 22. The board of governors have voted to install a branch in this state, but have been unable to decide between San Diego and Vallejo. The revenue which could be obtained from the sale of the famous Blue Rock water is being urged as a decisive factor in the choice of the Vallejo site. The institution could be made self-sustaining by this means.

She is 60 years old and he 22.

## Large Factory to Come, Is Prospect

Announcement of plans for another important factory, to be located in Oakland shortly, was made today by the manufacturers' bureau of the Chamber of Commerce, when it was stated that a large cereal manufacturing company, with one branch already in California, was now looking for a site in Oakland. The name of the concern is withheld, according to Secretary Frederick Boegle Jr., until the contracts for the site are signed. The plant, it is declared, will be a large one, employing a large number of workmen and turning out large quantities of foodstuffs for coast and Oriental trade.

## 1. INTRODUCTION

## MINE WORKERS' OFFICERS QUIT

Dispute Over Wage Scale Leads to Resignation of President.

PITTSBURGH, July 13.—That President Van Bittner of District No. 6, United Mine Workers of America, and Vice-President F. P. Hanaway would hand in their resignations at a special convention of the district now following the first session. A bitter controversy has raged for some time over the wage scale agreed upon in New York by representatives of the miners and coal operators. Van Bittner and other high officials of this district favored approving the scale and the majority of the men opposed it.

## Re-Enters Lone For Training Son of Wealthy Widow Again in School

JONE, July 13.—Gordon Medbury, a Preston school boy who left the school on parole six months ago, has voluntarily returned.

His father was killed in the Titanic disaster and his mother had been left a large sum of money. While on parole the boy found he was in with the wrong crowd, felt that his will power was insufficient to withstand the temptations, and of his own accord came back to Preston for an additional six months' training.

## A WHOLESOME SUMMER DRINK

Horsford's Acid Phosphate  
A healthful, invigorating and delicious tonic—more cooling and refreshing than lemonade.

## TWO FAMOUS MEN OF S. F. ARE DEAD

Of Three Pioneers Stricken at Same Hour One Yet Fights for Life.

SAN FRANCISCO, July 13.—Two famous pioneer San Franciscans are dead, and a third in the hospital, at death's door, today, being stricken by a queer coincidence within a few minutes of each other.

Albert Derrham, president of the Emporium Company, fell in front of the St. Francis hotel and died a few hours later. Horace Davis, former president of the University of California, and famous educator, died at Hibernian hospital, following an operation for appendicitis. Stricken by paralysis at the Bohemian Club, Billy Barton, famous song writer and prominent contractor, was removed to St. Luke's hospital, where he is near death. Barton, besides being noted as one of the biggest paving contractors in the state, wrote the songs for the Hoyt plays, and is known as a composer of witty lyrics. He is 87 years old. His son, William Barton, well-known in society, recently joined Maude Adams and is an actor.

Derrham was walking in front of the St. Francis yesterday with his brother-in-law, William Kaufman, when stricken with paralysis. He died less than a year ago from the same trouble. For forty-three years he was prominent in San Francisco business circles, and for some time was manager of the Buckingham and Hecht shoe factory. He leaves a son, Monte A. Derrham, a local attorney. He was 60 years old.

Davis was one of the pioneer educators of the state. He was 85 years old, and until a few days ago was president of the Sperry Flour Company. He was the son of John D. Davis, a Governor of Massachusetts, a Harvard graduate, a member of Congress from California from 1877 to 1881, a member of the Republican national committee 1880-82, president of the University of California from 1887 to 1890, president of the board of trustees of Stanford University, president of the California School of Mechanical Arts and prominent in church work. He was stricken by a son, Norris K. Davis. His wife was a daughter of Rev. Thomas Starr King.

## Two in Hospital as Result of "Fine Joke"

SAN FRANCISCO, July 13.—A "joke" begun by way of having some fun with James O'Neill, a 55-year-old accordion player, this morning, resulted in the serious, if not fatal injury, of the joker, Fred McCarthy, a meter expert with the Pacific Gas and Electric Company, and sent two men to the Mission Hospital. A third, McCarthy's companion, George Godfrey, was arrested and is charged with assault to do great bodily harm.

McCarthy and Godfrey are said to have followed O'Neill from a saloon after they had "treated" him over his playing. He resented their conduct and insisted that they "kicked" his instrument to pieces. O'Neill drew a knife and McCarthy was cut above the heart, the wound being serious. O'Neill was painfully bruised and with McCarthy was taken to the hospital.

## Parole Violator to Serve Prison Term

Archie Latimore, parole violator, is on his way to San Quentin today in charge of Parole Officer White, where he will serve six more months on a two-year sentence for arson. Latimore was one of three men who were found guilty of burning a barn in West Oakland some time ago. He was arrested several days ago, charged with violating ordinance 879, which relates to the use of opium. Corporal O'Neill, Officer O'Donnell and Officer Steinbeck made the arrest, which took place in Chinatown, at 311 Fifth street. Latimore is 23 years old.

## Three Women Have Close Call in Wreck

Three women passengers of a Sixteenth street jitney bus are congratulating themselves today that they did not suffer serious injuries when the car turned over, bruising James Tulcott, the driver. Tulcott was in Sixteenth street, between Wilcox and Campbell. Another machine had stopped a little distance ahead at the curb. Tulcott did not notice the other car until he was almost on top of it. To avoid a collision he turned quickly and his machine overturned.

## Great Scott! How He Must Have Talked!

LORAIN O., July 13.—In the celebration of his twenty-five years as a barber, Theodore Curtis today exhibited records to prove that he had shaved 243,560 men, including Presidents McKinley, Roosevelt and Taft; Senators Hanna, Quay, Beveridge and Ben Tillman; Doc Cook, Buffalo Bill, Jess Willard, Ted Sison and Harry Thaw. He has cut enough hair to make eleven mattresses and to pad 43,562 crutches. He would like to add Charles E. Hughes to his list. When a friend heard that Curtis had shaved so many, he remarked that he didn't see how one man could talk so much.

## Schooner Lost, But Crew All Escape

WASHINGTON, July 13.—Loss of the American fishing schooner Caviara, owned by Sanders & Co., Pensacola, during a storm off the Mexican coast near Progreso on July 6, was reported to the State Department through the French consul at Progreso. All of the crew were saved and taken to Progreso yesterday.

## SPECIAL NOTICE TO OAKLAND FOLKS

We wish to announce we are exclusive Oakland agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika. This remedy, used successfully for appendicitis, is the most THOROUGH bowel cleanser we ever sold. It is so powerful that ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. Adler-ika never gripe, is safe to use and the INSTANT action is surprising. Osgood Bros., Druggists.—Advertisement.

Volume Rises: Price Drops  
Quality Stands

The Quality Fulcrum

**Firestone Tires**

—have built up one of the most gigantic industries of a gigantic time on this bedrock principle of QUALITY. Steadily—by the support of the motoring public—the volume of Firestone sales has gone up—up. Note this: A record of 257 per cent increase in sales for the five years since we moved into our new, enormous factory—

**\$7,462,581.17 in 1910—\$25,187,884.33 in 1915**

Add to this unprecedented growth the increase of 38% so far for our 1916 fiscal year! This, automatically, brings the cost down—down.

Look again at the illustration—note basic fact of Firestone success—QUALITY.
